## Biography

Ömer Dilek graduated from Kırşehir Ahi Evran University Preschool Teaching Department in 2015. In 2019, he completed his master's degree with a thesis titled 'Evaluation of the contribution of forest school practices to children's development' in Kastamonu University Preschool Teaching Master's Program with thesis. He worked as a preschool teacher in the Ministry of National Education between 2017-2019. He is currently working as a lecturer in the Child Development Department at Bursa Uludağ University Büyükşehir Vocational School. He currently continues his duty as the Head of the Child Development Program in the same department. His areas of study include alternative approaches in preschool, environmental education in early childhood, forest schools and nature and forest pedagogy. His desire and determination to work in the field of forest schools, having served as a camp leader for many years (11 years), and the changes and developments he observed in children in nature during this time, have been effective in his studies and research in the field of nature and forest pedagogy. At the same time, he has tried to improve himself in the field of Nature and Forest Pedagogy by participating in various trainings in this field. She received the 'Introduction to Forest Kindergartens' and 'Out-of-Class Education and Forest Kindergartens' trainings organized by the Doğada Öğreniyorum Institution, and the 'Forest School Leader Training' training by inviting the Forest Schools institution in England to Turkey. In addition, she has also conducted academic studies and written chapters in the books 'Forest Pedagogy Handbook in Early Childhood Education' and 'Preventive Approaches in Human Health', and contributed to the literature with the article titled 'Forest School Applications in Pre-school Period: A Case Study'. As a result of these studies, she has conducted trainings and seminars at the Ministry of Youth and Sports, National Education directorates and various universities. Since 2021, she has been the training coordinator and trainer of the Nature and Forest Pedagogy Trainer Training program organized by Bursa Uludağ University Continuing Education Application and Research Center. In 2024, she took part in and contributed to the Forest Schools Workshop organized by the General Directorate of Forestry.
